

LoadHandler L28™ Starters

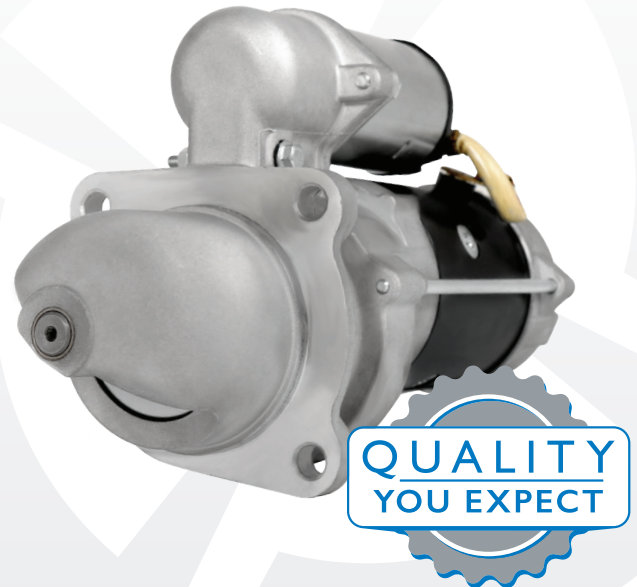

100-Percent New Gear Reduction Starters for Medium Duty, School Bus & Industrial Applications

12V

Faster Crank, Efficient Power Source

100-Percent New, Drop-In Replacement

LoadHandler Power™ Products L28 gear reduction starters are 100-percent new units that provide a fast crank, specifically in wet clutch application use, for an efficient, consistent start on medium duty truck, industrial and school bus applications. Fully performance tested, the LoadHandler L28 starter includes a heat treated shaft that adds durability and service life to these applications. LoadHandler starters provide a reliable power source for your application in any operating environment.

SPECS

Engine Size	Up to 6.5L
Voltage	12V
